# HKU Health System Clinical Centre

香港大學醫療系統臨床中心

The HKU Health System Clinical Centre is a Faculty-based facility run by HKU Health System that aims to:

Facilitate the conduct of clinical research

Support HKUMed's growing need for clinical teaching and learning

Deliver clinical services related to research and teaching

Provide a platform for knowledge exchange

Clinical research conducted at HKU Health System Clinical Centre

Other non-clinical research activities conducted at HKU Health System Clinical Centre:

Vaccination programme

Respirator fit test

Educational video and interview shooting

Courses on clinical skills

Contact us to find out more about our support for other types of potential activities.
